HAPPY TO BE LIVING

Thank you Lord for giving of me
Trees and things that set me free
Because I'm happy to be living
Water rippling in a stream
Things are clearer than they've ever been
And I'm happy to be living

Thank you Lord for thinking of me
I'm about as happy as I can be
Things are getting better it's plain to see
And I'm happy to be living

Water's pure where it begins
Flow through my life and never end
Because I'm happy to be living
Water wash me from my sin
And bubble love from deep within
Because I'm happy to be living

Thank you Lord for thinking of me
I'm about as happy as I can be
Things are getting better it's plain to see
And I'm happy to be living

Stay with me wherever I go
Stay with me and help me to know
I can be happy to be living
Water rippling in a stream
Things are clearer than they have ever been
And I'm happy to be living

Thank you Lord for thinking of me
I'm about as happy as I can be
Things are getting better it's plain to see
And I'm happy to be living

I play this song using these chord forms with a capo in a different key.
