

FISHIN'

words and music
G. Spillman/R. Runyon

See the dust on the gravel road
Feel the cool breeze hear the spring peepers popping
Got to find someplace to ease my load
Fireflies are out and the bullfrogs hopping
Cruising down in my '69
Can you hear that engine whine
Gotta find me a place that's new
Show me a river with a real nice view
Going fishin' yeah fishin'

Bossman says that I'm out of time
Work is due and there's no overtime
think I'm gonna lose my mind
I could be having a real good time
My fishin' buddy's at the exit sign
Sorry pal how about another time
Maybe it'll be next week
Down by the sparkling creek
Going fishin' yeah going fishin'
