

PURPLE COW

words and music
R. Runyon

G C
Things couldn't really be much better you don't hear me complaining about the weather
D C G
If you don't like it I guess that's the way you are
C
I'm sitting here with a grateful heart getting ready to make a brand new start
D C G
And I don't care if it gets me very far
D C
I'm sure it will get me where I need to be and if it doesn't well we'll see
D C D
I'm happy for now instead of having a purple cow
G C
Let's sing a happy song and some variation of it all night long
D C G
It does you good to sing a smile upon your heart
C
The thing about harmony is it sets things like they ought to be
D C G
Together in song we shall not be apart
D C F C G
The resonance of your soul creates a stirring of your role and the road ahead is filled with golden light
D C F C G
Even a noisy joyful song in the spirit of thanks just can't be wrong with a frequency approaching natural light
C
You can close your ears to what I say you close your eyes to the light of day
D C G
You can close your mind to thoughts that can set you free
C
Or you could listen to some bird maybe forget about the things you've heard
D C G
Open your mouth and sing along with me
D C
You never know about a song it just seems to happen when it comes along
D C D
And if it doesn't we'll just make some noise
G C D C G
Let's sing about the ones we love and inspiration from up above our curiosities and all our little joys
D C F C G
Lighten up and let go step aside and let it flow there's magic in the faith that love inspires
D C
Don't worry about the baggage you bring love can make a lowly tree frog sing
F C G
In it's place each note can light some fires
