A F#m
When I started out I never thought it would be so hard

D E A
And I've got to keep believing it will all pay off someday

CHORUS D F#m E D F#m E
You know I love you, you own my heart

D F#m E D G D
There's no one I place above you I've known it from the start

A F#m
This dream's just like a snowball it's getting bigger every turn
D E
I'm not getting any younger my candle's on the burn
A F#m
I hear your clock a ticking I see that sadness in your eyes
D E A
But your standing right beside me and it comes as no surprise

Someday when we're old and our dreams are in the past
